

Non-Profit Recipients

Knit Michigan has selected these organizations as the recipients of the funds we raise because they are regional medical centers that are utilized by patients from all over the state of Michigan. The funds we donate are earmarked to be used "in support of cancer patients and their families." Funds may be used for training (patients and families), to provide needed medicine or home care, or in any other way that will ease the burden of the cancer diagnosis to the patient and his/her family.
